

WVC Leadership Attends Ribbon

Cutting at Deborah Heart & Lung Center

The Westlake Veterans Club leadership was honored to attend the **Ribbon Cutting Ceremony** at **Deborah Heart & Lung Center** celebrating completion of their **\$108 million Capital Expansion & Renovation Project**. WVC leaders participated as invited guests and received guided tours of the newly upgraded units, including the **Olsen Family Patient Care Pavilion**, renovated inpatient suites, and the new **Cardiac Cath & Electrophysiology Labs**.

As part of our 2026 charitable initiatives, a portion of the proceeds from the WVC **Summer Spectacular Show** was proudly directed to Deborah's **HeroCare Connect Program**, supporting veterans and their families.

A strong partnership. A shared mission. A proud moment for WVC and the veteran community.
